Financial Report Deusi – Bhailio, 2024

''Deusi Bhailo'' is a traditional Nepali cultural practice that takes place during the festival of Tihar, also known as Deepawali or Yamapanchak. Tihar or Deepawali is a Hindu festival celebrated by people who practices Hindu religion. It is second big festival celebrated in Nepal and by the Nepali-speaking community in various parts of the world.

Since NRNA has motto of 'by Nepali for Nepali', NRNA NCC Denmark 2023- 25 team had also decided to celebrate this festival by performing 'Deusi-Bhailo' among Nepalese community within Denmark to create friendliness and positive vibes among each other.

In addition to that, the second generation is expanding and therefore it is also important to let them know the process of celebrating festivals and preserve culture for them. Though we could not reach everyone's house due to the limitation of time, we wish you all a very Happy and Safe Tihar.

Feedback from community:

The Nepali community has expressed positive feedback regarding the centralized *Deusi-Bhailo* celebration. Many community members appreciate how this approach simplifies their festival experience, reducing the need to host multiple groups at their homes during an already busy season. They feel that gathering in one place strengthens community bonds, allowing everyone to celebrate together while preserving the cultural spirit of Tihar in a way that's less demanding on individual households. Inspired by the Ishøj community's initiative, locals have noted that the centralized celebration not only makes participation more convenient but also provides a vibrant, unified atmosphere that enhances the joy and meaning of *Deusi-Bhailo*.
